

ETHICS- Through The Ages

Focus on Complex Congenital Heart Defects

Join us !!
Get into the controversy
Make your views matter

Ethical thinking can be challenging especially when dealing with complex conditions in children and young adults. From the complexity of decision making and the law governing those, this one day meeting, with speakers from renowned institutions, will take you to the heart of those discussions.

3rd April, 2020

Glenfield Hospital
Clinical Education Centre
Leicester, LE3 9QP
